Your product was submitted to the Product Review Committee of the Idaho Transportation Department (ITD) for our consideration. In reviewing your product application and associated documentation, we have determined that your product, as submitted, has met the minimum requirements for placement on our Department's Qualified Products List (QPL).

The product has been approved for placement in the category/subcategory listed above, along with any specific Product Restrictions as listed on the QPL. It will remain on our QPL list as long as it continues to meet the Department's product specifications and performs satisfactorily under field conditions. As a requirement for continued placement on our QPL you must also submit updates to us whenever any changes are made in regard to the product, company name and address or contact information. This will allow our listing to stay current and will prevent your product from being removed from the QPL due to out-of-date information.

We reserve the right to request samples for testing at our convenience and/or require the submittal of current test data from a qualified testing laboratory for our review should the product fail to perform satisfactorily or if changes are made to the product after placement on our QPL.
