Re: 11-2746 Product Evaluations
"Plasticade Telespar Type III Barricade"

Dear Mr. Ross:

This is in response to your Product Evaluation Request #11-2746 regarding the Plasticade Telespar Type III Barricade with perforated square steel tubing (PSST) uprights and feet or with PSST uprights and angle iron feet. Based upon the product literature, Plasticade Certificate of Crashworthiness Number PLAS012, and FHWA approval letters WZ-54 and WZ-85, this product is approved when provided with the sheeting options that meet requirements of BC(9)-07 and with rail lengths of 8' or less.

This product will be added to the next revision of the Compliant Work Zone Traffic Control Devices List (CWZTCD). Any modifications or misapplications of this product may result in TxDOT removing approval. This letter shall not be considered a product endorsement.

If you have questions, please contact me at 512-416-4739.

Sincerely,

(original signature on file)
